Dahlia Culture — Than Which There Is No Finer Hobby

There's a humanizing touch in any good hobby. You may bore some folks telling about yours, but bring together any two people with the same hobby—well, there friendship is born and true understanding fostered.

Whether the hobby is playing golf, collecting Americana, or raising Dahlias, interest in life is intensified and expression is given to individuality.

This is particularly true of Dahlia Culture. When a gorgeous new bloom opens for the first time in your garden—your pride instantly goes above par. Think of it—here is a flower—the product of your own labors and devotion. Every one who sees it exclaims over its beauty of form and color—and you glow with pleasure.

Dahlias just naturally make friends because of their amazing color combinations and almost infinite variety of individual characteristics. They require care and take some work, of course, but when you learn to love them, as you will, the work you do to perfect them certainly won't be begrudged—or wasted.

And when you add to the pleasure of personally enjoying their beauty and showing them to others, the exercise, fresh air and sunshine which they bring—well, Dahlia Culture just about reaches the topmost pinnacle of delight.

We thank all our old customers and welcome the new. We appreciate your orders and always try to give value received, plus.

Be kind enough to place orders early. By doing so you make it easier for us to please you, for the reason that we are more apt to have your selections on hand. Root production is less prolific in some varieties than in others. Frequently, the most backward ones are in

Dahlias will grow and produce excellent results in a wide range of soils. You can grow them by the "back fence" if there is plenty of sunshine and good drainage. Soil conditioning and cultivation are most important. Some fertilizer helps in results. Occasionally, they should be watered—with restraint. If soil packs, ashes, straw or peat moss should be mixed in—if soil is heavy—added sand will help. True, some pests attack them, but proper sprays and dusting will alleviate this trouble.

There are fourteen classifications of the Dahlia and probably nearly ten thousand named varieties—but withal it is easy to choose the colors and types you like best. New varieties are being developed all the time from seed and the older ones reproduce and come true each year from their tuberous roots.

If you have never grown Dahlias, why not try it this year. Look over this list and choose some of the less expensive ones for your beginning—and learn for yourself what a satisfying and pleasurable hobby you have chosen.

If, on the other hand, you are already a dyed-in-the-wool Dahlia fan, you will recognize herein some of the best Dahlias of recent origin. They are all reasonably priced and each is sold with a guarantee. May we help you to get new thrills out of this best of all hobbies—Dahlia Culture?

Greeting and Thanks, Friends

We thank all our old customers and welcome the new. We appreciate your orders and always try to give value received, plus.

Be kind enough to place orders early. By doing so you make it easier for us to please you, for the reason that we are more apt to have your selections on hand. Root production is less prolific in some varieties than in others. Frequently, the most backward ones are in

most demand. We will notify you if sold out of any items on your order, and will not substitute unless instructed to do so.

If we seem too eager to persuade you to buy—please pardon a dyed-in-the-wool Dahlia hobbyist. We admit we will go to almost any fair and reasonable lengths to make new Dahlia Fans—or renew the interest of the older ones.

Terms

Cash with order—or a deposit of \$1.00 or more with order—balance before shipment. Send checks, money orders or cash where registered. We will send C. O. D. at customer's request and expense, but prefer other methods.

Deliveries

We pre-pay postage on orders over \$2.00. We do not send special delivery unless requested and when customer remits 25c to cover this cost. Further, we cannot guarantee delivery on plants unless Specialed. All orders will be shipped between May 1st and 20th unless other shipment date wanted is specified. Orders reserved strictly in rotation.

Information—Please Read

Guarantee

We guarantee that all varieties are true to name. We replace roots which do not start in three weeks in soil, if same are returned to us. In fact, we'll make good on almost anything short of unfairness or neglect on your part. If we make a mistake, we will rectify it.

To the Trade

We are not in the wholesale Dahlia business, nor do we grow big stocks. While we are glad to accommodate our commercial friends who order on their business stationery, and will then supply, at trade prices, any varieties where we have sufficient stocks—yet we reserve the right to give preference to retail orders.

Mount Vernon, N. Y.

Try Some of These Aristocratic—Prize Winning—Honor Roll—and Certificate of Merit Dahlias

It Will Add to Your Personal Satisfaction and Intensify Your Pride in Your Garden if You Select Some of the New, Tested and Better Quality Varieties

HELEN REID (Rindfleisch)—F. Dec. Pure white, Honor Roll '31. This beautiful New White was picked from all the undecimated seedlings at the New York Show by Mrs. Ogden Reid, publisher of the New York Herald Tribune, to be named in her honor. It is a grand exhibition Dahlia and keeps as long cut as any. Fine form, excellent habits, cane stem. Blooms 8" x 4". Bush 5 ft. Plants, 5.00 Roots, 10.00

MEADOW BROOK (Bryenton-Ruschmohr)—F. Dec. Honor Roll '31, scored 87 at Storrs. Color, light mallow purple with edges of mallow pink. Excellent flowering habits. Cane stems. Leathery foliage. Highest trial grounds score in '29. Blooms 9" x 4½". Bush 4½ ft. Won first open to all New York '31. Plants, 5.00 Roots, 10.00

JOSEPHINE G. (Grosseross-Ruschmohr)—S. Cac. Honor Roll '30-'31. Scored 86 with Certif. at Storrs. True rose pink with faint tips of yellow. Makes hundreds of new friends every year. Petals fluted, good stems. Resistant. Plants, 2.50 Roots, 5.00

EAGLE ROCK FANTASY (Broomall-Success)—I. Dec. Certif. of Merit '30; score 86. Clear mallow pink, of great size and depth; great exhibition flower. This one should be in your collection. Plants, 7.50 Roots, 15.00

GOLDEN HARVEST (Broomall-Success)—S. Cac. Clear yellow. Very large blooms and deep. Fluted petals, good stems, resistant. Glorious form, similar to Jean Trimbee. Plants only, 2.50

FRAU O. BRACHT (Berger-Danker)—Straight Cactus. Color, pale cream. Similar form to Ambassador. Won American Home Sweepstakes 1930, New York Certif. of Merit, Honor Roll '30. Size 8" x 4". A beauty and a prize winner. Plants, 1.50 Roots, 3.00

DWIGHT W. MORROW (Dahliadel)—I. Dec. Honor Roll. Certif. of Merit Storrs '30; score 86. Gigantic, deep. Color, dark crimson, a most spectacular and rich flower. Should be debranched and disbudded. Size 8" x 5", bush 4½ ft. Plants, 5.00 Roots, 10.00

TANG (Downs)—I. Dec. Honor Roll '30. Color, orange flame with gold shadings, 8" x 4". Good stems, exhibition, keeper. A beauty. Plants, 5.00 Roots, 10.00

OMAR KHAYYAM (Stout-Dahliadel)—F. Dec. Certif. of Merit, Honor Roll. Chinese red petal base, shading to bright orange, tipped lighter, wonderful color effect, 8" x 4". Bush 6 ft. Plants, 3.75 Roots, 7.50

ASBURY PARK (Wood)—F. Dec. Honor Roll, Certif. of Merit. Color, strawberry red, shaded salmon and old gold, a winner. Size 8" and larger. Medium bush. Plants, 5.00 Roots, 10.00

PANZY G. WHITE (White)—Honor Roll, Certif. of Merit, score 85. Clear lemon yellow. Semi-Cac. good stems, fine habits. Will win prizes. A beauty. Plants, 3.75 Roots, 7.50

JEAN TRIMBEE (Trimbee)—S. Cac. Honor Roll, Certif. of Merit Storrs, score 85. Petal violet, very large and unique form; very deep; good stems; good habits. A winner in every show. Plants, 3.75 Roots, 7.50

JUNE JUSTICE (Success)—F. Dec. Certif. of Merit, Storrs, score 85. Rhodamine purple and tyrian rose, 8" x 4". Good stems and habits, profuse. Plants, 2.50 Roots, 5.00

J. D. TORBERT (Eastman)—I. Dec. Certif. of Merit, Salmon apricot with flame and gold shadings. Unusual and beautiful, good habits and stems. Plants, 2.50 Roots, 5.00

CHAMPOEG (Crites-Kemp)—F. Dec. Certif. of Merit, Honor Roll '31. Color, waxy canary yellow, shading to salmon pink and amber gold. Color effect like a sunrise. Win prizes with this one. Good stems, resistant. Plants, 5.00 Roots, 10.00

ELIZA LONDON SHEPPARD (Peacock)—F. Dec. Honor Roll, Certif. of Merit, Clear rich orange, darker reflex. Good form and stems, a winner. Plants, 2.50 Roots, 5.00

The Finest Informal Decorative Bicolor Yet Produced.

"ALICE STELLICK"

Its beauty and general good qualities are exceptional. Originated by Rindfleisch. Colors, rich scarlet and pure white. Most blooms have quarter inch of red on each edge of the white petals. Bush, even pinched back, usually towers above others in garden. Blooms early and

Per Plant, \$5.00

late. More than almost any other variety, this one is immune to pests. It grows luxuriantly. Blooms 8" x 4" deep. Keeps a week cut. Wins with ease in shows. It commands attention anywhere and is altogether an ideal bicolor. Stock somewhat limited. Please order early.

Per Root, \$10.00

This wonderful Dahlia won in every class in which entered at New York, 1931—you can win with it, too.

(SEE INSIDE PAGE FOR LIST OF NEW ORIGINATIONS BY RINDFLEISCH)

HALLOWEEN (Siebrecht)—I. Dec. Color, clear buff with orange tints and reverse bright salmon, giving unusual two-toned effect. Derrill Hart says, "In line with its name, it is like a glorious October sunset in a sky of brilliant golden buff." Thrifty habits. Cane stems. Bush 5 ft. Blooms 9" x 5". Honor Roll '31. Plants, 7.50 Roots, 15.00

NELLIE AUSTIN (Sanbarn)—I. Dec. Certificate of Merit; scored 86 at Storrs '30. Unusual color combination of salmon red with buff yellow petal tips and edges. Won first Cleveland Show '31. Tall, robust grower. Blooms 8" x 4". Bush 7 ft. This is a \$10.00 value, but because of large stocks, we are able to quote at Plants, 1.50 Roots, 3.00

PATRICIA ANN (Delbrugge-Ruschmohr)—F. Dec. Scored 87 at Storrs in '30. Pieric yellow, blending into alizerine pink. Blooms large, face up on cane stems. Can be grown to 10 or 11 inches. Has both form and color interest, resistant, prolific. Plants, 5.00 Roots, 10.00

FREDERICK W. CHURCH (Porter-Ruschmohr)—I. Dec. Certif. of Merit '30 Storrs, score 85. Very delicate tone of pale rose purple at center with white petals tinged faintly rose purple. This produces a dainty color effect of great beauty. Excellent keeper. Good habits, stiff stems. You will like it. Plants, 3.75 Roots, 7.50

HATTIE SHELTON (Shelton)—F. Dec. Certif. of Merit '30, score 85 Storrs. 15-inch wiry stems. Size 8" x 3½". Tall bush, resistant. Not many have this fine purple winner yet but it is worthy and most attractive. Roots only 10.00

ORINDA (Newberry)—F. Dec. Honor Roll. Color, one toned rich mauve pink. Immense flowers 9" or more, and deep. Won achievement medal '29, Boston, and many other prizes. Stiff stems, an outstanding variety. Roots only 7.50

WATCHUNG MAROON (Smith)—F. Dec. Honor Roll. Color, rich maroon. Good form and stems. Plants, 2.50 Roots, 5.00

SNOW CAP (Diggle)—F. Dec. Pure White. Has won many prizes. It's one of the dependable new whites. Fine stem, form and habits. Roots only 7.50

F. A. PARKER (Diggle)—F. Dec. Color most unusual shade of pink. We call it sunrise pink. It is a gorgeous and different color. Fine form, habits, stem. It is new and prizes can be won with it. Roots 7.50

KATHLEEN NORRIS (Fisher-Masson)—I. Dec. True rose pink to mallow pink. Honor Roll, Certif. of Merit and Firsts at every show. Plants, 2.00 Roots, 4.00

DORIS FELLOWS (Washington)—F. Dec. Fine clear yellow with pink shadings and amber tinge. Large size. Scored at N. W. trial grounds. Plants, 1.50 Roots, 3.00

MONMOUTH CHAMPION (Kemp)—F. Dec. Honor Roll. Brilliant orange flame. Very big and a big winner everywhere. Plant, 2.50 Roots, 5.00

MY RIO RITA (Fellows)—I. Dec. Color, deep gold veined amaranth pink. Very big and a most interesting formation. Ends of petals cupped and pointed. Size 8" x 4", bush 7 ft. Will win many prizes (see cut other page). Plants, 3.75 Roots, 7.50

PRINCE OF MARS (Jennings)—F. Dec. Color, brilliant flame. 8" x 4" blooms on 5 ft. bush. Scored 84 at Storrs. This one will be heard from. It's an eyestopper. Fine habits, stems. Roots only 5.00

ARTHUR W. GRAY (Veile & Mendham)—I. Dec. Honor Roll in 1929. Soft salmon apricot, flushed orange and rose, excellent habits, form, stems and keeper. Per root 7.50

SARA (Rieder)—I. Dec. Gold red shaded dark tan. Very odd broad petals and most harmonious color tones. Very large, good habits. Plants, 3.75 Roots, 7.50

GUNGYWAMP (Newberry-Fraser)—F. Dec. Bittersweet orange with yellow suffusion. Medium height, large blooms, stems stiff. Plants, 3.75 Roots, 7.50

NEW 1932 RINDFLEISCH DAHLIAS

The long list of excellent Dahlias originated by Herman Rindfleisch reads almost like a blue book of Dahlia leaders. Just recall Ft. Washington, Francis La Rocca, Poinsetta, Alice Stellick, and the new sensational white, Helen Reid, and you begin to realize how much this Dahlia specialist has contributed to the Dahlia world.

But you have heard only a fraction of the amazing story of Rindfleisch's ability to produce wonderful Dahlias in above winners. Below we list with a great deal of pleasure, and we believe for the first time in such a group, the latest and finest Rindfleisch varieties.

HELEN REID

HELEN REID (Rindfleisch)—F. Dec. Pure white, Honor Roll '31. This beautiful New White was picked from all the undecimated seedlings at the New York Show by Mrs. Ogden Reid, publisher of the New York Herald Tribune, to be named in her honor. It is a grand exhibition Dahlia and keeps as long cut as any. Fine form, excellent habits, cane stem. Blooms 8" x 4". Bush 5 ft. Plants, 5.00. Roots, 10.00	
MISS G. GORDON TRENER—I. Dec. Tyrian rose and pomegranate red. Very large loosely formed and informal. Bush medium. Size 9" x 5", long cane stems. Good keeper, this one has a great future. Plants, 5.00. Roots, 10.00	
EDWARD B. FERNSCHILD—F. Dec. Gold salmon with apricot shadings. Pointed petals. Has beauty and dignity, good depth and substance, cane stem, 10" x 4" size. Roots. 10.00	
WANDA LA ROCCO—F. Dec. Pale lavender pink with deeper rose pink reverse. 8" to 9" size, 4" deep. Very full petalled. Excellent keeper. Roots, 10.00	
MOONMIST—F. Dec. Color, pale amaranth pink at outside and three-quarter way to center. At center petals are silver pink to white, making coloring like Kathleen Norris. Flat but beautiful form and color. 8" x 4" size, 15" cane stems. Bright and unusual. Roots, 5.00	

MISS RUTH PATTERSON—F. Dec. Light roseline purple and spinel pink. Rosaline purple at center. Size 8" x 4" with cane stems which cut 30". Petals broad and thick, making deep flower of unusual beauty. Face of flower like a fully double rose, and nearly American Beauty in color. Very worth while. Roots. 10.00	
--	--

MRS. RUTH PATTERSON

EDWARD RINDFLEISCH

EDWARD RINDFLEISCH—F. Dec. Color, brilliant red, with peach red reverse and capucine buff at closed center. Big, 9" to 12" x 5" deep, stems 10", cutting 36", cane-like. Thick, substantial, with broad velvety petals. A winner in any company, excellent keeper. Plants, 5.00. Roots, 10.00	
EMMA RINDFLEISCH—F. Dec. Deep rhodamine purple of rich hue. Edge of petals is rich pomegranate red. Petals velvety, evenly spaced. Long cane stems, size 8" x 4". This one will win many prizes. Plants, 5.00. Roots, 10.00	
MRS. ADELAIDE McFALL—I. Dec. Pinard yellow face on long pointed petals, reverse is rose doree. Petals at center face out, outer 3 1/2" curl, showing rose reverse. A most unusual and instantly attractive flower, cane stems, good keeper. Plants, 5.00. Roots, 10.00	
MRS. WALTER OTTO—Formal Dec. Rose pink. Very deep—and immense size, 9" x 4". Excellent keeper and root maker. Resistant and thrifty. Will win many prizes. Roots. 10.00	
VIOLA FERNSCHILD—F. Dec. Color like the old Rosa Bonheur, lavender pink with 2" at center white. Very showy and good exhibition; in fact, all purposes. Seedling of U. S. A.; a beauty. Roots. 5.00	
PURPLE BEAUTY—F. Dec. Color, roseline purple. Form like Jersey Beauty, but larger. Excellent keeper, good stems. Good exhibition. Roots. . . 5.00	
MRS. JANE CORNELL—F. Dec. Pure rose pink without lavender. It will win prizes for best keeper because few last longer. Cane stems. Seedling of I. de Ver Warner and has many of its sterling qualities. Try it. Roots each, 10.00	

MRS. JANE CORNELL

No. 3— Wonderful selections, 10 varieties—winners, all named, really worth \$15 to \$20—postpaid **\$10.00**

For quantity orders we give liberal discounts in added Tubers.

PEDIGREED DAHLIA SEED

With One Parent Named

If you take the time to raise Dahlias from seed—who knows, perhaps you will originate some new and worthy varieties. Growing Dahlias from seed is purely a gamble and we cannot guarantee results. But you should choose pedigreed seed from high quality parents to get the best possible seedlings. When ordering give us your preference in colors and types—we will select those in parent varieties and send in labeled envelopes. All seed vine ripened, naturally crossed and hand picked.

50 Named Parent Seeds \$2.00

100 Named Parent Seeds only . . . \$3.50

Plant Some of This High Percentage Fertile Seed from Known Prize Winning Parents.

SPECIAL \$1.00 SEED TRIAL OFFER

Send us \$1.00 and we will mail you a generous trial package of seed—from good parents, hand picked, but without name of parents. This offer is made particularly for first-time propagators.

Join the American Dahlia Society, Now

STOP! Have you sent your \$2.00 for subscription to the American Dahlia Society Bulletin? Every lover of Dahlias should keep in touch with Dahlia progress. It contains all the news of Dahlialand and Dahlia People. Send it to Wm. J. Rathgeber, Secretary, 198 Norton Street, New Haven, Conn.

DUDLEY'S DAHLIAS for 1932

While this little folder is not as elaborate as some of our previous catalogues, we send it to you with a lot of pride and pleasure. For we believe it represents one of the finest collections of Dahlia varieties in the East. In it you will find many of the recent sensations at the Shows, Certificate of Merit and Honor Roll winners. They have been chosen, not only for excellence in color, size, form, stem and substance, but because they have good cutting qualities and are resistant to pests. All are field grown, potash fed and healthy. You will find Dudley's Dahlias worthy, and our efforts to please you truly sincere.
